

FOUNDER COLLABORATION AGREEMENT

Chelys Security — Pre-Incorporation Master Template

This Founder Collaboration Agreement (this “Agreement”) is entered into as of May 13, 2026 (the “Effective Date”) by and among:

Alejandro Almeida, an individual residing in Salt Lake City, Utah (the “Founder”); and

the individual named in the signature block of an executed Equity & Role Letter referencing this Agreement (each, a “Contributor” and together with the Founder, the “Parties”).

This Agreement is intended to govern the relationship between the Founder and each Contributor during the pre-incorporation development period of the venture currently operating under the working name “Chelys Security” (the “Project”), and to set out each Contributor’s right to a paid role and equity in the Delaware corporation to be formed for the Project (the “Company”).

1. Recitals

- (a) The Founder is developing an autonomous penetration-testing software product and related cybersecurity services (the “Product”), to be commercialized through the Company.
- (b) Each Contributor wishes to participate in building the Project in advance of incorporation and external funding, in exchange for a contingent right to employment and an equity grant once the Company is formed and capitalized.
- (c) The Parties intend, upon incorporation, that the Company will be organized as a Delaware C-corporation, with operations principally conducted from Salt Lake City, Utah, and registered as a foreign entity in Utah.
- (d) Equity percentages, salary amounts, and certain other commercial terms have not yet been finally determined and will be set forth in each Contributor’s individualized Equity & Role Letter (the “Role Letter”) and confirmed in definitive equity and employment agreements at the time of incorporation.

2. Pre-Incorporation Status

Until the Company is formed and the Contributor signs definitive equity and employment documents with the Company, the Contributor:

- is acting as an independent contributor and not as an employee of any entity;
- is not entitled to wages, salary, benefits, or expense reimbursement, except as expressly set forth in a Role Letter or other written agreement signed by the Founder;
- acknowledges that the Project is a speculative venture, that the Company may never be formed, and that the contemplated equity may never have monetary value; and
- retains the right to terminate participation at any time by providing written notice to the Founder, subject to the surviving confidentiality and assignment obligations set forth herein.

3. Contingent Offer of Employment

Subject to the conditions in Section 4, upon the occurrence of a Qualifying Funding Event (as defined below), the Founder will cause the Company to extend a written offer of employment to the Contributor on the following terms (the “Guaranteed Offer”):

- (e) Position: the role identified in the Contributor’s Role Letter (e.g., Entrepreneurial Lead, Co-Technical Lead, Marketing Lead, or Social Media Manager), reporting to the Founder or such other officer as the Board of Directors of the Company may designate.
- (f) Compensation: a base salary within the range stated in the Contributor’s Role Letter, payable in accordance with the Company’s standard payroll practices, plus eligibility for standard benefits offered by the Company to similarly situated employees.
- (g) Equity: a stock award representing the percentage range stated in the Contributor’s Role Letter (to be fixed at the time of grant based on the post-funding capitalization table).
- (h) Vesting: four (4) years total, with a one (1) year cliff (no shares vest before the first anniversary of the vesting commencement date) and monthly vesting thereafter in equal installments over the remaining thirty-six (36) months.
- (i) Start Date: not later than thirty (30) days following the closing of the Qualifying Funding Event, unless extended by written agreement.
- (j) At-Will Employment: notwithstanding the Guaranteed Offer, all employment with the Company will be on an at-will basis as required by applicable law, meaning that either the Company or the employee may terminate the employment relationship at any time, with or without cause and with or without notice.

“Qualifying Funding Event” means the first to occur of: (i) the closing of an equity financing of the Company in which the Company receives aggregate gross proceeds of at least US\$250,000 (or such other amount as the Founder may designate in writing); (ii) the Company achieving monthly recurring revenue sufficient, in the Founder’s reasonable judgment, to fund the salaries described in Section 3(b); or (iii) any other event the Founder designates in writing as triggering this Section 3.

4. Conditions to the Guaranteed Offer

The Guaranteed Offer is conditioned on each of the following:

1. the Contributor remaining actively engaged in the Project, in good faith, through the date of the Qualifying Funding Event (subject to reasonable absences agreed in writing);
2. the Contributor not having materially breached this Agreement, any Role Letter, or any related confidentiality or assignment obligation;
3. the Contributor signing the Company’s standard form employment agreement, proprietary information and inventions assignment agreement, and equity grant documents at the time of incorporation; and
4. the Contributor being legally authorized to work in the United States or such other jurisdiction in which employment is offered.

5. Equity Treatment

5.1 Form of Equity

Equity granted under the Guaranteed Offer is expected to take the form of restricted shares of common stock or stock options, in each case issued under the Company's equity incentive plan to be adopted at incorporation. The specific form will be determined by the Board of Directors of the Company at the time of grant, based on tax, accounting, and securities-law considerations.

5.2 Vesting Schedule

Unless the Parties expressly agree otherwise in writing, all equity granted under the Guaranteed Offer will vest as follows:

- Total vesting term: forty-eight (48) months.
- Cliff: no equity vests prior to the twelve (12) month anniversary of the Vesting Commencement Date.
- Post-cliff vesting: on the first anniversary of the Vesting Commencement Date, 25% of the equity vests in a single tranche; thereafter, the remaining 75% vests in equal monthly installments over the following thirty-six (36) months, such that the equity is fully vested on the fourth anniversary of the Vesting Commencement Date.
- Vesting Commencement Date: the date on which the Contributor first began providing services to the Project, as stated in the Contributor's Role Letter (which may pre-date incorporation, subject to confirmation by the Board).

5.3 Acceleration

In the event of a Change of Control of the Company (as defined in the Company's equity plan) during the Contributor's service, fifty percent (50%) of the then-unvested equity will accelerate and vest immediately, with the remaining unvested portion continuing to vest on its original schedule (commonly referred to as "double-trigger acceleration with 50% single-trigger"). Additional acceleration may be negotiated on a per-Contributor basis in the Role Letter.

5.4 83(b) Election

If the equity is granted in the form of restricted stock subject to vesting, the Contributor is strongly encouraged to file an election under Section 83(b) of the Internal Revenue Code within thirty (30) days of the grant date. The Parties acknowledge that this election can have significant tax consequences and that each Contributor should consult their own tax advisor. The Company is not responsible for any Contributor's failure to make a timely election.

6. Confidentiality

"Confidential Information" means any non-public information disclosed by or on behalf of the Founder, the Project, or the Company to the Contributor, including without limitation source code, models, datasets, exploit techniques, vulnerability research, customer lists, financial information, business plans, and the existence and terms of this Agreement. The Contributor will:

- (k) hold all Confidential Information in strict confidence and use it solely for the benefit of the Project;
- (l) not disclose Confidential Information to any third party without the prior written consent of the Founder;

- (m) protect Confidential Information using at least the same degree of care that the Contributor uses to protect the Contributor's own confidential information, and in no event less than reasonable care; and
- (n) upon written request, promptly return or destroy all materials containing Confidential Information.

The obligations in this Section 6 survive termination of this Agreement for a period of five (5) years, except that obligations relating to source code, exploit techniques, and trade secrets survive for so long as the information remains a trade secret under applicable law.

7. Intellectual Property Assignment

The Contributor agrees that all inventions, improvements, works of authorship, software, designs, mask works, data, and other intellectual property conceived, developed, or reduced to practice by the Contributor, alone or with others, in connection with the Project or using any Confidential Information (collectively, "Project IP") are works made for hire to the maximum extent permitted by law. To the extent any Project IP does not qualify as a work made for hire, the Contributor hereby irrevocably assigns to the Founder (and, upon incorporation, to the Company by automatic assignment) all right, title, and interest in and to the Project IP, including all patent, copyright, trademark, trade secret, and moral rights. The Contributor will execute such further documents as the Founder or the Company may reasonably request to perfect this assignment, and grants the Founder a power of attorney to do so on the Contributor's behalf if the Contributor unreasonably refuses to cooperate.

The Contributor represents that the Contributor has listed, in an attachment to the Role Letter (if any), all prior inventions or intellectual property that the Contributor wishes to exclude from this assignment. Anything not so listed is included in Project IP.

8. Non-Solicitation

During the term of this Agreement and for twelve (12) months thereafter, the Contributor will not, directly or indirectly: (a) solicit or attempt to solicit any employee, contractor, or advisor of the Project or the Company to terminate their relationship; or (b) solicit any customer, prospect, or business partner of the Project or the Company introduced to the Contributor through the Project, for the purpose of providing competing services. This Section is intended to be enforced to the maximum extent permitted by applicable law, and any portion deemed unenforceable will be reformed to the maximum permissible scope.

9. Departure and Buy-Back

9.1 Voluntary Departure Before Qualifying Funding Event

If a Contributor voluntarily ceases active participation in the Project before a Qualifying Funding Event, the Contributor: (a) forfeits the right to receive the Guaranteed Offer; (b) retains no equity (since none has yet been issued); and (c) remains bound by Sections 6, 7, and 8.

9.2 Termination for Cause

If the Founder reasonably determines that the Contributor has engaged in fraud, gross negligence, willful misconduct, material breach of this Agreement, or a felony or crime involving moral turpitude

("Cause"), the Founder may terminate this Agreement immediately by written notice, and the Contributor will forfeit all rights to the Guaranteed Offer and to any unvested equity.

9.3 Post-Incorporation Buy-Back

If a Contributor's employment with the Company is terminated (for any reason or no reason) before the Contributor's equity is fully vested, the Company will have the right (but not the obligation) to repurchase any unvested shares at the lower of (i) the original purchase price (if any) paid by the Contributor, or (ii) the then-current fair market value as determined by the Board of Directors in good faith, in accordance with the Company's equity plan.

10. Representations and Acknowledgments

Each Contributor represents and warrants that:

- (o) the Contributor is at least 18 years of age and has full legal capacity to enter into this Agreement;
- (p) execution and performance of this Agreement does not violate any other agreement to which the Contributor is a party, including any non-compete, non-solicit, or assignment-of-inventions agreement with a current or former employer;
- (q) the Contributor has had the opportunity to consult with independent legal and tax counsel before signing; and
- (r) the Contributor understands that this Agreement does not constitute a binding offer of employment, that equity is contingent and subject to vesting, and that the value of the contemplated equity is speculative and may be zero.

11. Governing Law and Dispute Resolution

This Agreement is governed by the laws of the State of Delaware, without regard to its conflict-of-laws principles. Pending incorporation of the Company, any provisions that are unenforceable under Delaware law as applied to natural persons will be interpreted under the laws of the State of Utah. The Parties agree to attempt in good faith to resolve any dispute by negotiation. Failing resolution within thirty (30) days, any dispute will be submitted to confidential binding arbitration administered by JAMS in Salt Lake City, Utah, under its Streamlined Arbitration Rules, by a single arbitrator. Judgment on the award may be entered in any court of competent jurisdiction. Notwithstanding the foregoing, either Party may seek injunctive relief in any court of competent jurisdiction to enforce Sections 6, 7, or 8.

12. Miscellaneous

12.1 Entire Agreement

This Agreement, together with the executed Role Letter, constitutes the entire agreement between the Parties with respect to its subject matter and supersedes all prior or contemporaneous understandings, oral or written. In the event of a conflict between this Agreement and a Role Letter, the Role Letter controls with respect to the specific terms of the Contributor's role, salary range, and equity range; this Agreement controls with respect to all other terms.

12.2 Amendment

This Agreement may be amended only by a writing signed by the Founder and the affected Contributor.

12.3 Assignment

The Contributor may not assign this Agreement without the Founder's prior written consent. The Founder may assign this Agreement to the Company upon incorporation, and to a successor in connection with any merger, reorganization, or sale of substantially all assets.

12.4 Severability

If any provision of this Agreement is held to be unenforceable, the remaining provisions will continue in full force, and the unenforceable provision will be reformed to the minimum extent necessary to make it enforceable.

12.5 Counterparts and Electronic Signatures

This Agreement may be executed in counterparts, including by electronic signature (e.g., DocuSign, HelloSign, or Adobe Sign), each of which will be deemed an original.

12.6 No Partnership

Nothing in this Agreement creates a partnership, joint venture, agency, or employment relationship between the Parties prior to the Company's formation.

13. Notice to Contributor — Plain-Language Summary

This box is for clarity only and does not change the legal terms above.

- You are joining an early-stage project that is not yet a company. There is no salary right now.
- If the project raises money or hits revenue (a "Qualifying Funding Event"), you are guaranteed an offer for the role described in your Role Letter — with salary and equity — as long as you're still here and in good standing.
- Your equity vests over 4 years, with a 1-year cliff. If you leave before 1 year, you get nothing. After that, you earn equity each month.
- Anything you build for the project belongs to the project (and to the company once it exists).
- You can leave at any time, but you have to keep our information confidential.
- This isn't a substitute for talking to your own lawyer or tax advisor — you are encouraged to do so.

Signatures

IN WITNESS WHEREOF, the Parties have executed this Founder Collaboration Agreement as of the Effective Date.
