

EQUITY & ROLE LETTER

Chelys Security — Social Media Manager

Date: May 13th, 2026

To: [Social Media Manager — Kevin Da Silva]

From: Alejandro Almeida, Founder, Chelys Security

Re: Role, Compensation, and Equity — Social Media Manager

Dear [Social Media Manager — Kevin Da Silva],

Thank you for joining the Chelys Security project. This letter (the “Role Letter”) confirms the terms on which you will contribute to the project as Social Media Manager, and the role, salary, and equity you are guaranteed once the company is formed and funded. This Role Letter is governed by, and incorporates by reference, the Founder Collaboration Agreement signed between you and the Founder (the “Master Agreement”). Capitalized terms not defined here have the meaning given in the Master Agreement.

1. Role and Responsibilities

Title: Social Media Manager

Reports to: the Marketing Lead (and, until that role is filled, the Founder)

Expected commitment (pre-funding): approximately 5–12 hours per week pre-funding, scaling with platform activity post-funding

Core responsibilities include, but are not limited to:

- Owning the day-to-day content calendar across LinkedIn, X/Twitter, YouTube, and any other approved platforms.
- Producing and scheduling original posts, threads, and short-form video aligned with the Marketing Lead’s strategy.
- Monitoring community conversations, replying on behalf of the brand, and surfacing customer-feedback signals.
- Tracking engagement metrics (reach, follower growth, qualified-lead clicks) and reporting weekly.
- Coordinating with the Co-Technical Lead to ensure technical claims in posts are accurate and defensible.
- Maintaining brand voice and ensuring all public content complies with confidentiality and disclosure standards.

2. Pre-Incorporation Status

Until a Qualifying Funding Event occurs and you execute definitive employment documents with the Company, you are a volunteer contributor to the project. You will not receive cash compensation, benefits, or expense reimbursement during this period, except as may be expressly agreed in writing by the Founder. You acknowledge that the project may fail, that the Company may never be formed, and that you may receive nothing in exchange for your time.

3. Guaranteed Offer Upon Qualifying Funding Event

Conditional on (a) the occurrence of a Qualifying Funding Event as defined in the Master Agreement, (b) your continued active participation in good standing through that date, and (c) your execution of the Company's standard employment, IP-assignment, and equity documents, the Founder will cause the Company to extend to you a written offer with the following minimum terms:

Position: Social Media Manager, reporting to the Marketing Lead (and, until that role is filled, the Founder) or such other officer as the Board designates.

Base salary range: US\$50,000 – US\$80,000 (or such other range as the Board sets based on funding raised; part-time / contract rates may apply at the discretion of the Board) per year, to be finalized at the time of the offer based on the funding amount and market data.

Equity range: to be determined after the Qualifying Funding Event, based on post-funding capitalization (commonly in the sub-1% to low single-digit range for an early social-media role at the seed stage) of the Company's fully diluted capitalization at the time of grant. The exact percentage will be determined by the Founder and the Board after the Qualifying Funding Event, taking into account the post-funding capitalization table and the dilution caused by the financing.

Vesting: Four (4) year vesting with a one (1) year cliff and monthly vesting thereafter, as detailed in Section 5 of the Master Agreement.

Vesting Commencement Date: Your first day of active contribution to the project:

May 13th, 2026

Benefits: You will be eligible for whatever standard benefits the Company offers to similarly situated employees at the time of your hire (e.g., health insurance, PTO, equipment stipend).

Start Date: Within thirty (30) days following the Qualifying Funding Event, or as otherwise agreed in writing.

At-Will: Your employment with the Company will be at-will, as required by Delaware and Utah law.

4. Success Metrics and Performance Review

So that both parties have a clear understanding of what success looks like in this role, the following are the initial performance indicators. These are guideposts, not contractual obligations, and may be updated by written agreement.

- Consistent posting cadence (≥ 3 posts/week on primary channel) maintained through quarter close.
- Follower-base growth and engagement-rate trends reported monthly with quarter-over-quarter targets.

- At least one viral or breakout piece of content (defined jointly with the Marketing Lead) per quarter post-funding.
- Zero confidentiality or compliance incidents in public posts.

5. Confidentiality and IP Assignment

You are bound by, and incorporate by reference, the confidentiality and IP-assignment obligations set forth in Sections 6 and 7 of the Master Agreement. Without limiting the foregoing, all work product you produce in connection with the project — including code, documentation, designs, content, marketing materials, brand assets, and social-media posts created in your capacity for Chelys Security — is owned by the project (and by the Company upon incorporation).

6. Departure

You may stop participating in the project at any time by giving the Founder written notice. If you do so before a Qualifying Funding Event, you forfeit the right to the Guaranteed Offer described above, but you owe no penalty and you keep the experience and skills you've developed. Sections 6, 7, and 8 of the Master Agreement (confidentiality, IP, non-solicit) continue to apply.

7. What This Letter Is Not

- This is not a binding offer of employment. The Company does not yet exist.
- This is not a promise of a specific dollar salary or a specific equity percentage. Ranges are good-faith estimates that depend on the funding terms.
- This is not a guarantee of project success. The project may fail and produce nothing.
- This does not override at-will employment once you are hired by the Company.

8. What This Letter Is

- A good-faith, written commitment that you have a reserved seat at the table when the Company is funded — not just a verbal handshake.
- A clear statement of your role, expected effort, salary range, and equity range.
- A framework that protects both of us if things go right or wrong.

9. Acceptance

Please sign and return this Role Letter, along with a countersigned copy of the Master Agreement, to confirm your acceptance. We're excited to have you on the team.
